About us

SOCIETY OF GREEN MAKERS (P) LTD., (SGM) is a registered turnkey landscaping consultancy firm with a bunch of intellectual team having a passion for design and a drive for excellence. Our core activity involves both landscape design & master planning and execution & development, functioning under separate design studio and project management wing under one roof. The team comprises of members having distinction in various fields such as landscape architects, horticulturists, civil and mechanical engineers, Draughtsman, Project Managers, etc., such that our works for the clients goes as a comprehensive package with total solutions and services for the landscape needs.

Landscape Designing and Planning:

With over 15 years of experience in landscape design and master planning and project development SGM has developed a celebrated reputation in the field of landscape designing and a long list of satisfied clients.

Our landscape architectural and development practice is known for its high quality detailing and customised landscape design especially in natural environments, corporate spaces, campus developments, children's spaces, sensory gardens and other sites in public domain.

Our mission at SGM is to make a positive difference in the quality of life. It's about the artistry of blending our client's vision with architecture and the natural environment.

Every client and property has a unique expression and we strive to find the balance and bring them to life.

Landscape Execution services:

Having strongly felt the vital need for professional delivery with understanding of the intricacy of a landscape design and its sensitivities on dimension and levels for overall effect and the existing huge gap between designing and execution, we created a separate landscape project execution team which offers a total comprehensive landscape execution and development with a dedicated team comprising of senior engineers, electrical & mechanical engineers, horticulturists, etc.,

Thus we offer our services as a comprehensive package which are highly interlinked for all landscape development needs such as,

- All civil and structural works for Hardscape.*
- Hardscape finishing works.*
- Hydro mechanical work with Automation for water scapes.*
- Automated Irrigation systems.*
- Landscape lighting works.*
- Decking, Carpentry works, etc.,*

Team:

Our Design studio comprises of a bunch of 9 nos of well trained landscape architects and assistants under the able guidance of K·K VENKATESAN the principal of the firm.

Our project team comprises of a general Manager – Projects under whom a diversified team of 8 nos of Sr. Project Managers, 10 nos of Assistant Managers, 6 nos of Horticultural Managers, and 10 nos of Site Engineers are functioning to catch the needs of each project.

We have our strong presence in a range of diversified projects, from star hotels and resorts, IT parks, campus developments, condominiums, townships, Industrial parks, Institutions, beach homes and villas, shopping malls etc.

Geographical Presence:

We are having a PAN India presence with diversified clientele throughout the country and now ventured in to overseas operations also.

With this back ground we invite you to view the gallery of few of our prestigious projects and our clientele.
